WORLD AROUND YOU

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1

I often think about that moment in July
That day I saw her shining
Surrounded by a thousand blinking stars
So bright, it makes my heart sing

BRIDGE 1

Although I had strong reasons
To go on alone with my life
But you turn me on, I want to fly with you

VERSE 2

I tipped her on her shoulder and I said
You look so bright and natural
She smiled at me and then she disappeared
Since then she's been my angel

BRIDGE 2

It's just an inner feeling
We already knew each other
So come on girl, let's start it up again

CHORUS

Cause it's just the world around you
Where I recognize myself too
Yes it's just the world around you
So confident and so true

CHORUS 2

It's just the world around you
Though we split up, I miss you
It's just the world around you
Once I'll be back to greet you

WHENEVER YOU'RE OUT

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1

Hey, I'm back on my own 'cause it's gone
The power of love, now it's done
Black as the night
Words, they couldn't prevent a break up
So we split but I keep my head up
But out of the blue, oh she called me
She would come along to be with me.... but!

VERSE 2

Now, I'm searchin' for new ways to go
I'll follow my heart, let it flow
I'll find my way back
Things, they'll come and they'll go in this life
Preparing your soul to survive
And I cherish the memories I've of her
But I can no longer be her lover, so

CHORUS

Whenever you're out, you can't come back in
For just another night with me
It's all said and done so there's nothing to win
I hope you'll understand and see
Whenever you're out

VERSE 3

Hey, I'm back on my own 'cause it's gone
The power of love, now it's done
And I cherish the memories I've of her
But I can no longer be her lover...so

CHORUS (REPEAT)

HEAVEN ON THE LINE

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

CHORUS

Hey you, get out of my mind
'cause heaven is on the line
Hey, stop wasting my time
You are such a crazy fool
You ain't worth a dime

BRIDGE 1

And if you still refuse to get out of my life
I think it's time to kick your ass
Because if I never get a chance to rearrange
I won't survive this dirty mess
Get out, get out, get out
Hey you, get out of my mind
'cause heaven is on the line

VERSE 1

For too long you've been on my mind
it's time to get off my line
So step back and don't spoil my shine
Stop sending shivers down, down my spine

BRIDGE 2

Yes and it took some time but finally you're out
Now the angels are dancing around my head
It's so heavenly, completely feel at ease
like I just came back from the dead
Get on, get on, get on!

Hey you, you're out of my mind
Heaven is on...

CHORUS 2

Hey you, isn't that nice
Heaven is on my mind
Time to stop wasting my time
Heaven is on...

HUNGRY EYES

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1

Running 'round in circles
Chasing your own tracks
There's so much in here, that won't appear

Your soul is overcrowded
But you could not take it all
So ban the fear, to see things clear

CHORUS

And then the night turns into day
Your hungry eyes will meet the energy, energy
Rely on it, you ain't no stray
Make up your mind and feel the energy, energy

VERSE 2

But you just keep on struggling
Blisters on your soul
Can't you hear them calling
Break out of that role!
It's wasted time, a soulless crime

CHORUS (REPEAT)

BRIDGE

I went into regression, and as they turned off the lights
I saw myself appearing as a child
So unembarrassed, so absolutely free
Why could we hold on to this feeling?
Where did we lose the key?

CHORUS (REPEAT)

(Shake off the mud)

IT'S A LONG WAY

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: GEORGE SCHRIEMER & MARIO TER BRAAK

VERSE 1

I'm in the middle, so many miles have gone
I asked the mirror to answer my doubts
"Where did I come from and where will I be when I'm movin' on"

Life is a journey, a human discovery
So many questions to figure it out
"Why did I come here and how should I get to the real, real me"

BRIDGE

You need a lot of patience and confidence with every day
Defy the confrontations you will meet, while you are busy finding your way

One day you can fail and you'll feel so blue
Next day you'll have reached the top, fantastic view
Anything can happen but you have to learn to trust on yourself
Avoid all distractions

VERSE 2

Sometimes you're dancin', everything's glistening
Out of the blue you're crawling around
Life's unpredictable, stay on your path, and don't give in

BRIDGE 2

Embrace this life and be aware of all the things you'll find on your way
You'll have to see it through so you'll be rich and smarter every single day

There're so many lessons, we all have to learn
Doesn't matter who you are or what you earn
Everyone will meet them and we have to learn to trust on ourselves
Avoid all distractions

CHORUS

Life is so exciting, It's a long way
Take it as it comes and go through it
Tighten up your senses, use them all day
Cherish all the moments, every single moment
Cherish every moment, every second moment you get

VERSE 3

So here I'm standing, halfway down the line
Restore the balance before I proceed
And when I'm ready, I get back on the trail, just to make it mine

BRIDGE 2

Embrace this life and be aware of all the things you'll find on your way
You'll have to see it through so you'll be rich and smarter every single day

There're so many lessons, we all have to learn
Doesn't matter who you are or what you earn
Everyone will meet them and we have to learn to trust on ourselves
Avoid all distractions

CHORUS 2

Life is so exciting, It's a long way
Take it as it comes and go through it
Tighten up your senses, use them all day
Cherish every moment, every single moment
Cherish every moment, every single moment
Cherish every moment, every single moment
Every second, every single, every..
Every moment you get

MOVIN' ON

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1

Let me stay here forever, won't look back, no no, never
I've turned the page and now I'm reading on
I've said goodbye, it's behind me, it's a place where I won't be
Left my cage, I was too far gone
I want to feel and I want to taste

BRIDGE 1

Slowly it was killing me, draining all my energy
Now I'm healing
All the power I once had, has slipped away, an empty head

I saw myself stumbling but nobody told me: get outta here

Hangin' round, the TV, showing things I would not see
Confusing my own point of view

VERSE 2

Empty heads without feelings, chasing after the bad things
Wonder why I'm so damn blue
Prejudice and confusion, makin' my little head spin
A sweet illusion pulls me through

BRIDGE 2

Houses full of luxury, no spirituality
I'm dreaming
On a given day I'm gone.
I surely must be movin' on
I saw myself stumbling and I
told myself: just get outta here!

CHORUS

I would never
Try to hold on
To a feeling
That ain't worth my time
But it's mind over matter
Getting it together
So I will hold on but I'm
Moving on

TRAVEL

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1

I want to travel the world
To feel that I'm living to grow
Change limitations, in strange situations
Willing to go with the flow

I want to climb all the highest mountains
And jump into the deepest seas
Searching for passion, free from possession
I want to live and be free

I live it up with a smile, yeah with a smile

Crossing impassable highways
I followed them and I was amazed
Showing me things that I never expected
I want to feel and I want to taste

BRIDGE

I know there're always excuses
'cause we've learned to live by the rules.
But I've learned how to go and break through them
And every time
I live it up with a smile

And where the average people want it all the same, I'll move on
Cause I can't find my sprit in the material world
I need a broader vision to explore my world
I'll move on...
Yeah I'll move on...
I'll move...
With a smile...

TONIGHT

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1

Tonight I'm only yellin', 'cause I don't care at all
There is no time for dwelling, I don't wanna think at all

Tonight I dropped my problems, now I'm on higher ground
Filled up my mind with liquor, it's just this night that counts

CHORUS 1

Tonight
I'm only yellin'
Tonight... tonight

VERSE 2

Tonight I've got the instinct, like a lion hunts its prey
No need to think things over, there's no pressure anyway

CHORUS 1 (REPEAT)

BRIDGE

Sometimes you have to take the time to leave your sorrows far behind
It's such a waste to lie awake, stand up and give your mind a break
Do you believe me, did you receive me
There 's nothing standing standing in your way tonight

VERSE 3

Tonight it feel so endless, so high I won't come down
I left the world behind me and the clouds are all around

CHORUS 2

Tonight I'm gettin' higher
Tonight... tonight!

JUSTIFY DYING

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1

Feel no sorrow anymore
Trust the steps you make on the chord
A line between the first and last
Life goes fast, life goes fast

Take the day that's just begun
Feel it like the warmth of the sun
All that counts is here right now
God knows how, he knows how

CHORUS

Hey, lift up the blockade
Get a life, have faith
You don't have to wait
Don't fear the day of flying

Life is just a game
You end it as you came
People never
Justify dying

VERSE 2

Leave the anger and the pain
Trust the wind,
it will take care of your vane
It takes you 'cross the road, let's go
It will show, life will show

CHORUS (REPEAT)

BRIDGE

Many words, men wrote about it
Many visions spread around it
Missionaries tumble over words

Eventually there ain't no nothing
Silence in your soul is something
Look out for the freedom in your heart
Feel the silence stretching your mind
And slowly you begin to unwind
It opens up your soul at last
Life goes fast, life goes fast

ON THE MOON

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1

Now the days which you have spent alone are gone
It felt like howling on the moon
The wounds of once, most of them have healed
So you, you can slowly come out soon

VERSE 2

You've been on dusty roads for too long
And you couldn't find the key
But deep inside you will never give in
'cause one soul can set you free

BRIDGE 1

Now the days have come, you've walked into my energy
We've stepped into this dream
The pieces that you've missed, you found it back in me
Landing on the moon

VERSE 3

You've followed many roads in your whole life
In a mix of energies
But deep inside you always knew one thing
Someone special will set me free

BRIDGE 2

The missing part in me, I found it back it you
You've stepped into my dream
All the wishes I once had, I see them all come through
(Now we're) dancing on the moon

SUCH A FOOL

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1
I had a fight
For justice and right
To break free
Inferior to none
It had to be done
Now we'll see

CHORUS
Locked up in the dark, fight against fear
But I have to be tough to make things clear
Fighting against law, bending the rules, only for such a fool
Such a fool!

CHORUS 2

Straight to the court,
to fight for the right
But she twisted the facts,
they're on her side
The system has failed,
they stick to the rules
Only for such a fool
Such a fool!

BRIDGE

It was a crazy kind of battle but I don't want to dwell
'Cause in the end it didn't add up, so I walked out of this hell
Such a foolish girl, such a foolish world

CHORUS 3

Out of the night, back to the light
I took a deep breath and skipped this fight
It doesn't make sense, back to my cool
'cause she always will be a fool, such a fool, such a fool!

SOMETHING FOR THE PAIN

LYRICS & MUSIC: GEORGE SCHRIEMER
ARRANGEMENT: DEAN

VERSE 1

I'm back on my own
Feeling sad and alone
Because my angel has just flown away

All that we've shared
Discussed and declared
Slipped away in an endless deep grey

I can't figure it out
Wonder and doubt
And I miss all the good things we had

It's the end of our book
I don't know which way to look
And the thought that you're gone makes me sad

BRIDGE

You were the one I could put my trust on
Pulled me through bitter times, embraced me
But now all has changed, I feel so empty and strange
'cause you're gone

VERSE 2

I have pulled myself back
To get out of this drag
I need some time to figure things out

Going back to the source
To find a new course
To get out of these periods of drought

To get back on my feet, is the main thing I need
But it ain't easy, I still miss you
Your spirit and mind are just one of a kind
Now you're gone
Oh you're gone

CHORUS

Give me something for the pain
'cause I can't stop those sad things
For the pain
So I can handle these feelings
Something for the pain
I can turn on my feelings

.....for the pain, all these pains, those pains.....
